

IDA Extends Grandfathering Certification Window to August 31, '17

In response to the many requests we have received, we are extending the automatic grandfathering period for Tier 3-Level 1-Dyslexia Practitioner and Tier 3-Level 2-Dyslexia Therapist certification to August 31, 2017.

In our field, a new program or initiative will typically offer a twelve-month window for submitting application materials. We have decided to honor that standard by allowing individuals who have graduated from an accredited program to have a full year from the launch of our certification program to submit their materials.

Our hope is that this extension will allow individuals currently in training to complete their coursework and practicum in time to submit the required documentation by the new deadline.

Tune in to IDA's next [webinar](#) on January 26, 2017 to learn more about certification from Suzanne Carreker, Ph.D., CALT-QI. Dr. Carreker, is coordinating IDA's certification program for teachers of reading.
